

Description

Recycle Polyester is a sustainable fibre. It offsets use of crude oil, conserving precious natural resources & energy. ABY GREEN POLY is a brand of recycled polyester yarn that is made from recycled materials, including used plastic bottles. The process of converting PET into recycled polyester requires much less energy than in the case of normal polyester. It takes approx. 30 - 40% less energy, product is certified by GRS

Features

Save Water

Environment Safe

Reduce Petroleum

Easy Dyed

Sustainable

Application

- Woven and Knitted Apparel
- Activewear
- Fashion
- Work Wear

Technology

- Open End
- Ring Spinning
- Vortex

Certifications

Product Range

Composition	Count Range
Recycled Poly blends with Regular Viscose, Liva Eco or Liva Reviva	10s-40s
Recycled Poly blends with Cotton	10s-40s
Recycled Poly blends with Modal	10s-40s
