

Description

Discover the excellence of ABY™ Hemp Blend Yarns, meticulously crafted from the long fibres of the industrial hemp variant of the cannabis plant. With strands surpassing traditional cotton in strength, our exceptional product embodies not only robust durability but also a commitment to eco-friendly textiles and sustainability. This sets it apart in the world of modern and environmentally conscious textiles.

ABY™ Hemp Blend Yarns enhance the resilience of your fabric, making it exceptionally durable and well-suited for a variety of applications, including the creation of t-shirts. Beyond its remarkable wear and tear resistance, ABY™ Hemp Blend Yarns seamlessly adapts to diverse uses. It excels in dye absorption, resists mildew, provides UV protection, breathable, biodegradable and boasts natural anti-bacterial properties, making it an ideal choice for both woven and knitted apparel collections. The outstanding durability of fabrics crafted with ABY™ Hemp Blend Yarns extends their suitability to versatile applications, making them an excellent choice for blankets and duvets in your home textiles and floor coverings collection.
